

# Argan Meadow®

*Argan Meadow is a sustainable  
brand that will enrich your guest's  
bathing experience.*

## *What is luxury mean?*

We desire to be closer to nature, to stroll along the narrow pedestrian streets of a remote village, to feel the freedom of traveling for hours or days, or just to jump into a quite turquoise sea. We desire what we are not used to be in our rushed lifes.

At Argan Meadow we craft our formulas with light textures and sublime fragrances to bring sensorial pleasures of pure nature to your Beauty Routine.

We understand luxury as a piece of lost paradise, and that is exactly why we slow cooked each of our Collections and Products.

## *What we do?*

Argan Meadow products are developed and manufactured in the EU and sold throughout the world in compliance with the most demanding regulations. We are a safe cosmetics company, with products free of parabens and phthalates.

We have our own Research and Development Team, which studies, reviews and examines each ingredient, guaranteeing that our formulas are the most effective and safe in the care of the body and mind.

# Argan Oil

Argan oil comes from the seeds of the Argan tree, which is one of the oldest trees on Earth. Its oil is one of the rarest in the world due to its small and specific cultivation area, in the southwest of Morocco.

Argan oil is rich in antioxidants and vitamin E, and helps keep skin smooth and elastic.

*Nature gives us the best.*

*Our experience enhances your benefits.*

# Amenities Collection 40 ml
