It has gained over the last years international recognition thanks to its ability to adapt and the loyalty of its market segment.

OUR SPIRIT

SCALPERS is characterised by its spirit of rebellion and non-conformism, represented in the skull logo: it symbolises the spirit of doing things differently.

Flexible and adaptable, we like to keep up to date with trends, move within an ordered chaos, with desire, passion and why not, a touch of madness.

REBELLION IS WITHIN OUR DNA

THE FRAGRANCE.....

PURPLE HAZE

Spontaneity is magnetic and attractive. It is highlighted by the aromatic notes, combined with the background of clandestine woods, resulting in a fragrance that is both elegant and wild.

The vibrant woody character of pine and juniper berry sublimated by the herbaceous notes of absinthe evokes an inspiring walk through a Nordic forest. Black vanilla, olibanum and iris converge in that enveloping top note with its sensual, slightly powdery facets.
